

Welcome to camp!

We are so excited you are joining us for the most HOPE FULL camp out you have ever attended! We understand that life is chaotic and schedules can be incredibly busy, and feel honored that you committed to an entire weekend of fun (draising) with us in Virginia Beach, VA.

There are activities scheduled all weekend for everyone in the family, but there is also zero pressure to attend. Join us for activities, take advantage of the campground's amenities or hang out at your camper or cabin!

Below you will find some rules for the weekend, our scheduled events, and our event sponsors.

Thank you again for being here and supporting our mission to help find a cure for mitochondrial disease. Every dollar raised this weekend puts us closer to a cure!

With hope, Lorelei + Benji's Mama and Dada,

Susan and Michael Geoghegan

RULES AND OTHER IMPORTANT THINGS YOU SHOULD KNOW:

- Parents must attend activities with their children.
- Wear your HOPE FULL bracelet all weekend.
- Masking + COVID Precautions: We are outside, so masks are not required. HOWEVER, please keep in mind that there are MANY immunocompromised individuals and families at this event. If you are in close contact with others, please consider wearing a mask. Please be respectful of strangers and keep a distance when possible. We have hand sanitizer at many locations, use it!
- Please bring your own chair or blanket to sit on for group activities!
- Activities to go: Because we know you may want to do things on your own schedule and that there are many immunocompromised guests, we have several activities you can pick up and take back to your campsite. Rock painting, S'mores, Lunch and Dinner are all in to-go bags.
- Have a HOPE FULL question? Look for our volunteers in NEON GREEN shirts on Saturday!
